

Clifton Campville Village Hall

Conservation & Amenity Statement

Clifton Campville Village Hall takes a pride in its Conservation and Heritage status and in the general amenity and ambiance of the village, together with the Coneyberry Millennium Green and St. Andrew's Church - a Grade 1 listed church - built in the 13th and 14th centuries.

If you have any materials which you feel may be of interest to this project. Then, please see contact details below. Once a page has been established on the 'Clifton Campville' website, we will upload all the relevant historical documents that come into our possession so that all residents, visitors and those interested in preserving the village character have a collective resource.

CONTACT DETAILS:

If you have any material, then please contact the Village Hall's Communications Officer - Julie Smale on 01827 373524, or if in digital format, please email direct to ccvhall2018@gmail.com.

The Village Hall is aiming to have a 'History Room' once funding is obtained and the renovations are complete, so that all may enjoy the historical photographs and documents.
