

CORONAVIRUS UPDATE - COFFEE SHOP SUSPENDED:

We have again reviewed our position in light of the latest government advice and reluctantly concluded that we should suspend Coffee Shop until further notice. We know this will be disappointing to many of our customers. We explored a number of options for trying to maintain a service in some way including home deliveries etc. but we take our responsibilities to everyone involved very seriously and decided that this would prove to be very difficult and impractical in terms of minimising risk to everyone. We hope to be able to resume at some point in the future. Sadly, we will not be going ahead with plans for an opening ceremony for the refurbished Village Hall.

Many thanks for all your support to date - we wish you all the best in these unprecedented times and would urge everyone to follow the formal advice given by the government and health service.

Regards, Sue, Pat, Pat & Linda

Clifton Campville Community Coffee Shop

CORONAVIRUS

We take our responsibilities with regard to the health and well-being of our volunteers and our customers seriously and will continue to monitor and review the situation with regards to the spread of coronavirus.

We would ask anyone suffering from **a fever, a cold, cough or sore throat to stay away from Coffee Shop**. We would also ask customers to be vigilant in **washing hands with the soap and hot water** provided in the toilets. **Tissues** are available for use if you feel a sniffle coming on. ... **and we won't be hugging people - just a pat on the shoulder as a gesture of affection!**

Please help us to protect you.

If we do decide to close the Coffee shop we will do our best to let people know in advance - feel free to leave us your telephone contact number to save a wasted journey.
